

Junior Designer

We're looking for a Junior Designer to join our growing agency.

This is an excellent opportunity to join a growing design team. The role will involve working in our fast-paced studio on a wide variety of projects for press, print and digital.

Ideally candidates should have at least one year of industry experience, however college/university graduates would be considered if their portfolio demonstrates strong potential.

This is the perfect role for a hard-working individual who takes pride in their work and is looking to join an outstanding agency.

About the role:

- ☐ Assist in the design/creation of press adverts
- ☐ Amending and art working existing designs
- ☐ Work as part of a team of junior designers on a wide variety of projects from small amends and fast turnaround print work to web banners and email design.

Desirable skills:

- ☐ Degree of college qualifications in a related subject
- ☐ Experience in a similar role, this could be in another agency, in-house, freelance, work experience of internships.
- ☐ Experience with Adobe Creative cloud software, in particular; inDesign, Photoshop, and Illustrator.
- ☐ Basic knowledge of Microsoft Office.
- ☐ Previous experience with Adobe AfterEffects would also be beneficial although not essential.
- ☐ Work well under pressure
- ☐ Highly motivated
- ☐ Exceptional attention to detail
- ☐ An interest in creative design
- ☐ Desire to be part of a team
- ☐ Ability to understand and apply style rules and standards for a variety of clients.

This is an exciting opportunity to grow within a fast-paced agency.
