Junior Designer/Animator

Denfield

Location: **6 Clarence Terrace, Leamington Spa CV32 5LD**
Reports to: **Studio Manager**

Salary: Dependent on experience
Term: Two-year contract

This is the perfect position for a designer looking for their first agency role. We're looking for someone who's interested in all things design and animation, including print, point of sale, livery, traditional and digital advertising, social animation, video editing, dOOH and much, much more.

Key responsibilities

As a Junior Designer/Animator at Denfield, you'll initially be entering a **two-year contract** designed to give you a solid foundation within our studio, allowing you to develop your skills and set you up for your design career.
